

## 34 x 34 mm NTAG Inlay/Label

This inlay/label meets with ISO14443A standard, operating frequency is 13.56MHz. Each inlay has a unique ID and stores user data. It is applied to equipment tracking, IT assets management, library management, dangerous goods management, etc.

### Physical Features:

|                       |                                |
|-----------------------|--------------------------------|
| Antenna Size:         | 34 x 34 mm                     |
| Wet Inlay/Label Size: | 37 x 37 mm(customized)         |
| Label Material:       | Coated Paper/PET/Fragile Paper |
| Working Temp:         | -40~+85°C                      |
| Storage Temp:         | 23 ± 3°C                       |
| Storage Humidity:     | 50 ± 15%RH                     |

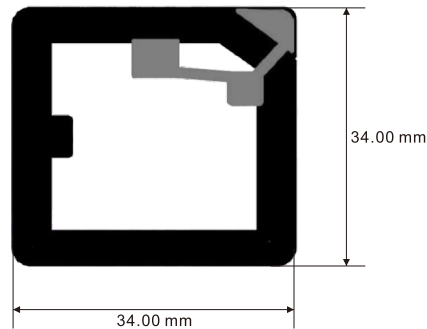

### RFID Features:

|                           |                     |
|---------------------------|---------------------|
| RFID Standard:            | ISO14443A           |
| Chip Type:                | NXP Ntag213/215/216 |
| Memory:                   | 144/504/888 bytes   |
| Read Range(Fixed Reader): | 0~10 cm             |

### Other Features:

|                |                                                                                                                                                                                        |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Data Storage:  | > 10 years                                                                                                                                                                             |
| Re-write:      | 100,000 times                                                                                                                                                                          |
| Customization: | Logo, barcode/QR code, number printing, encoding, design, etc.                                                                                                                         |
| Package:       | Reel core inner dimension: 76.2mm / 3(in),<br>Outside diameter < 220 mm / 8.7(in),<br>1000-5000pcs/roll, 4 rolls /carton                                                               |
| Application:   | <ul style="list-style-type: none"> <li>• IT asset Tracking</li> <li>• Library management</li> <li>• Document tracking management</li> <li>• Dangerous goods management, etc</li> </ul> |
